Project Description:

Ask someone special to "Be Mine" this Valentine's Day by presenting them this one-of-a-kind dish.

Designer: Marcia Roullard

Project Time Span: 1.5 Hours

Skill Level: Basic

Instructions: Project instructions below. Mayco encourages you to vary colors, patterns and techniques to create your own designs.

1. Begin with properly fired shelf cone 04 [Bisque](#). Moisten a clean [Sponge](#) and wipe [Bisque](#) to remove any dust.
2. Using a CB-604 # 4 Soft Fan, apply 2-3 [Coats](#) of FN-001 White to the top side of the plate. Allow to dry.
3. Using the AC-213 [Sponge](#) on a Stick tap the ST-368 Ornate Border Stamp with SC-15 Tuxedo. Press the stamp onto the plate. It does not require a lot of pressure to ensure a good stamp. Cover the top of the plate with the stamp pattern.
4. Cut out heart shapes from plain copy paper or use a heat die cut. Cut enough hearts to fill the plate. Use various sizes for more interest.
5. Dip the paper heart into water and press onto the plate. Smooth out with your fingers, taking

care not to smear the stamped design.

6. Using a CB-604 # 4 Soft Fan, apply 2 [Coats](#) of SC-74 Hot Tamale to the top of the plate and 3 [Coats](#) [Coats](#) to the back of the plate. Place a mark over the paper hearts so you can easily locate them after the [Glaze](#) is applied.
 7. After the second coat of [Glaze](#) begins to dry, remove all the paper hearts. Use a straight pin to pick up the edge and tweezers to make removal easier.
 8. Stilt and fire to shelf cone O6.
