

NEW CHUNKY EASTER BISQUE

www.hobbyceramicraft.co.uk

CKD26 Lester Lamb
(8 per pack) H 12 x W 14.5cm

Spring-clean your bisque selection with our brand new "Chunky Bisque" hangers. We are very excited about these new shapes, inspired by the Easter season.

Designed by Matt, these bisque shapes are EXCLUSIVE to Hobby Ceramicraft. They are made here on the premises using a two-part mould poured with our exceptionally high-quality Italian slip, which means they are TOTALLY FLAT on the back.

These chunky hangers come in SEVEN different designs, with a variety of detail. Every one has a heavy gauge wire hook moulded into the clay, so there's no fiddling around getting glaze out of holes before you fire.

At around 12cm tall, they'll make great value party pieces - ranging from our happy Easter chick and lamb, perfect for nurseries and younger kids, right through to the fabulous egg designs, with some great detail etched into the surface to give you inspiration for weird and wonderful designs! Try them out on your next order. As with all our flat hangers, you get 1 Pot-Point per box which you can spend on courses and special offers - see our website for more details.

These pieces compare favourably with other small dishes and party pieces. Give us a ring to find out the price!
